PRODUCT TOUR

empatyzer

Before an important conversation.

Understand yourself. Prepare for the conversation.
Turn insight into everyday action.

HOW THE PLATFORM WORKS

Empatyzer brings three elements together.

01	YOUR ASSESSMENT	Understand your profile, strengths and internal tensions.
02	CONVERSATIONS	Choose a person or group, see tailored guidance and ask Em.
03	MICROLEARNING	Turn insight into action through short, practical lessons.

HOW THE PLATFORM WORKS

Three pillars of Empatyzer.

01 YOUR ASSESSMENT

Understand yourself.

02 CONVERSATIONS

ABOUT YOU	personal development
PERSON	advice · comparison · remember · how they help
GROUP	team · project group · department

03 MICROLEARNING

Turn insight into action.

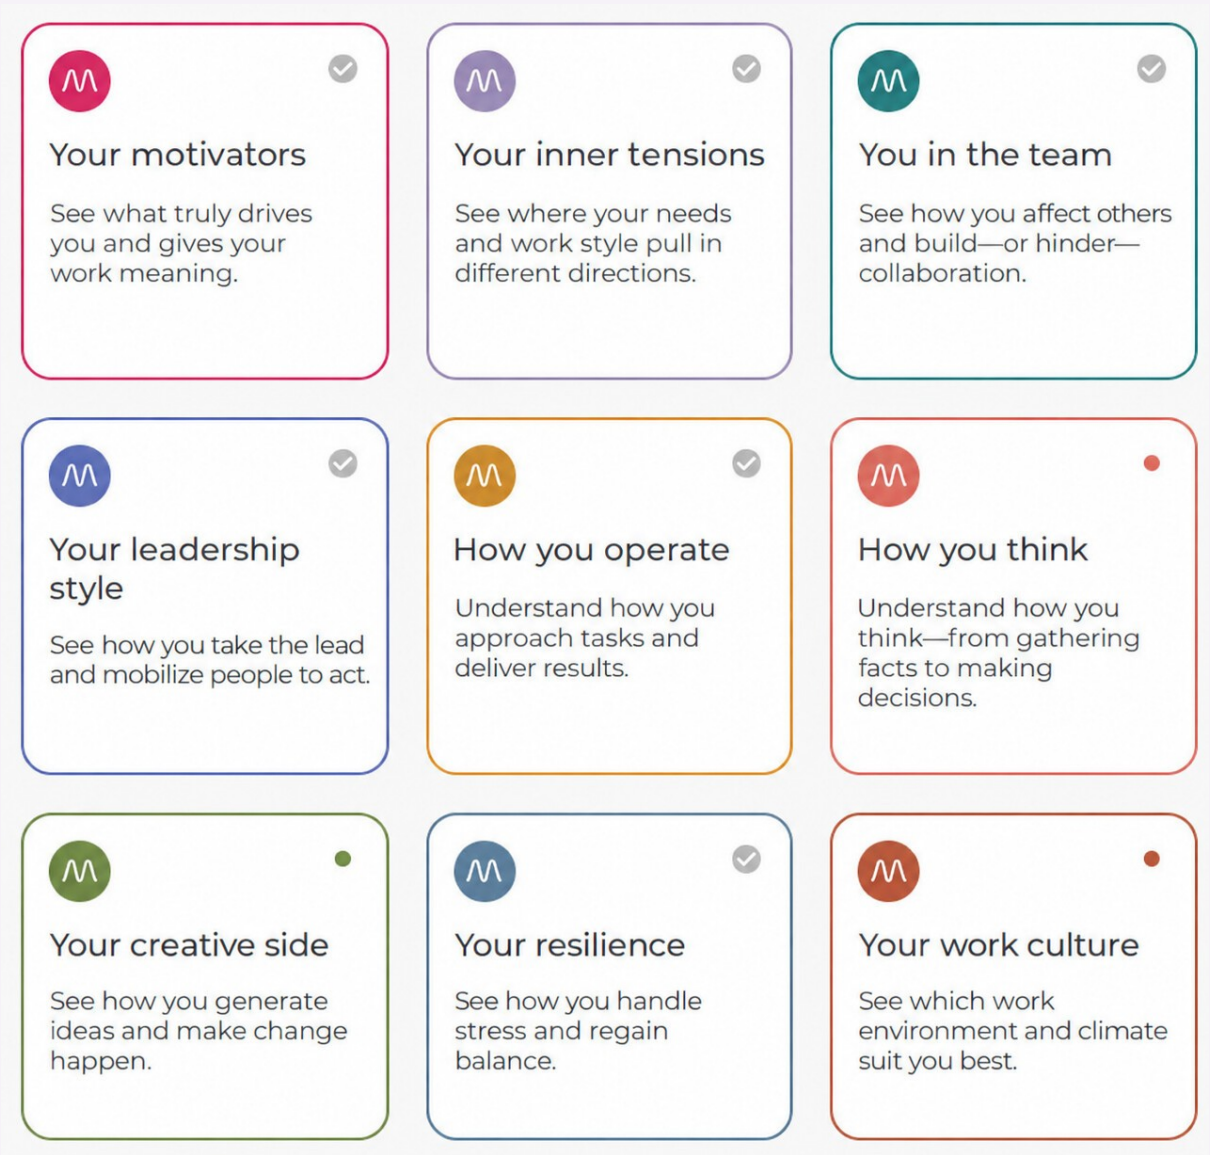

SECTION 01

01

First, understand yourself.

YOUR ASSESSMENT

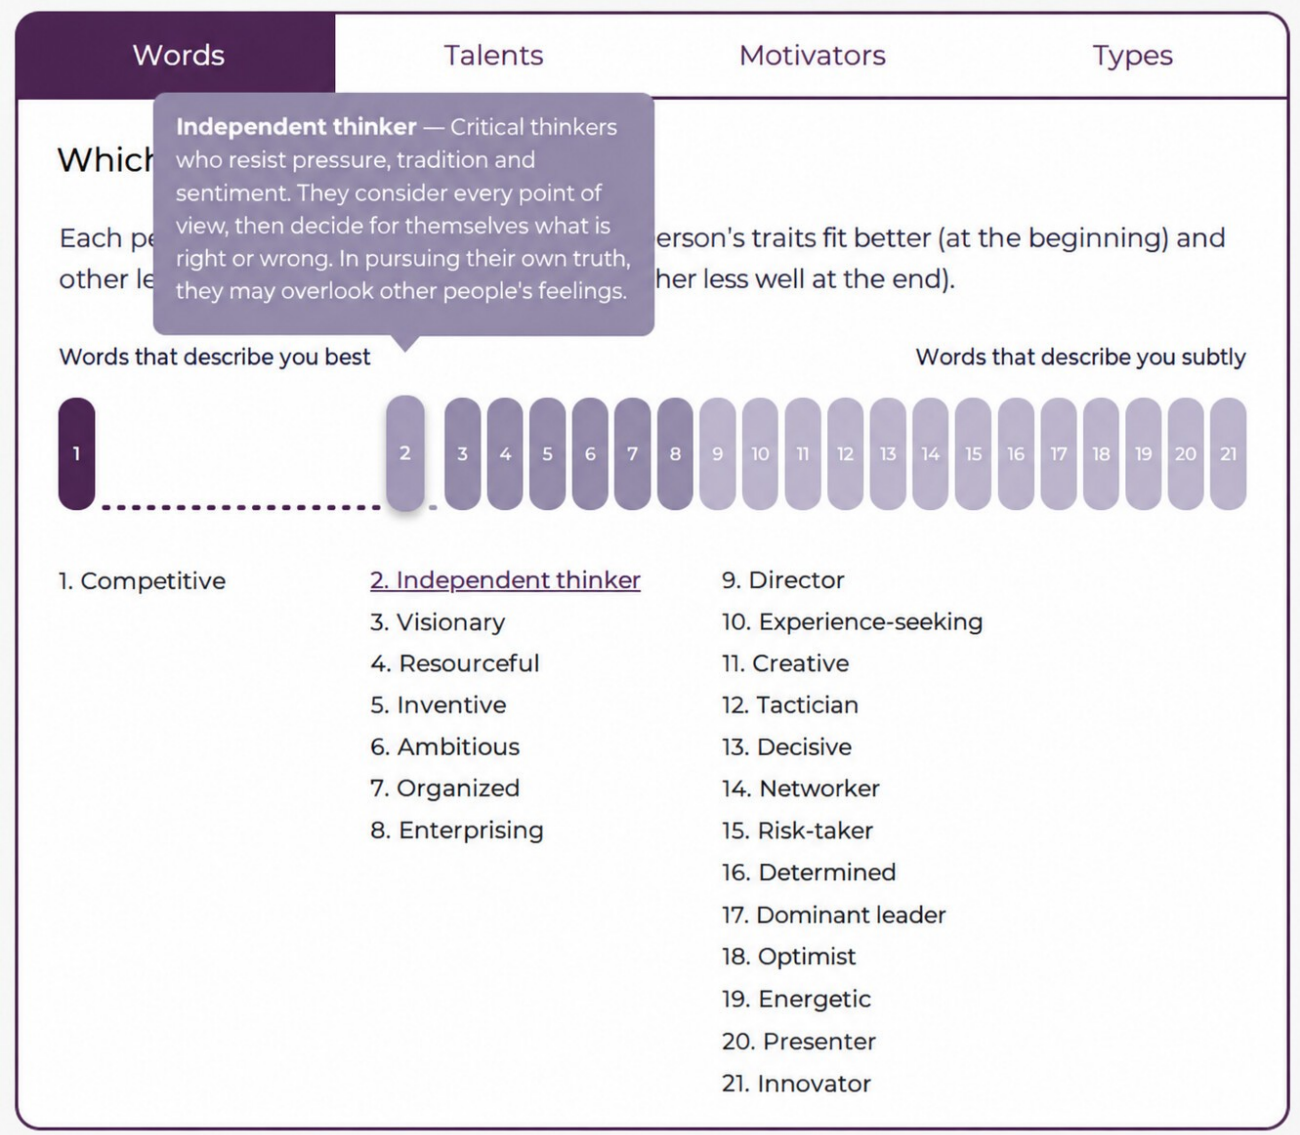

Choose an area of your profile.

Nine perspectives show how you operate from different angles.

ASSESSMENT · WORDS

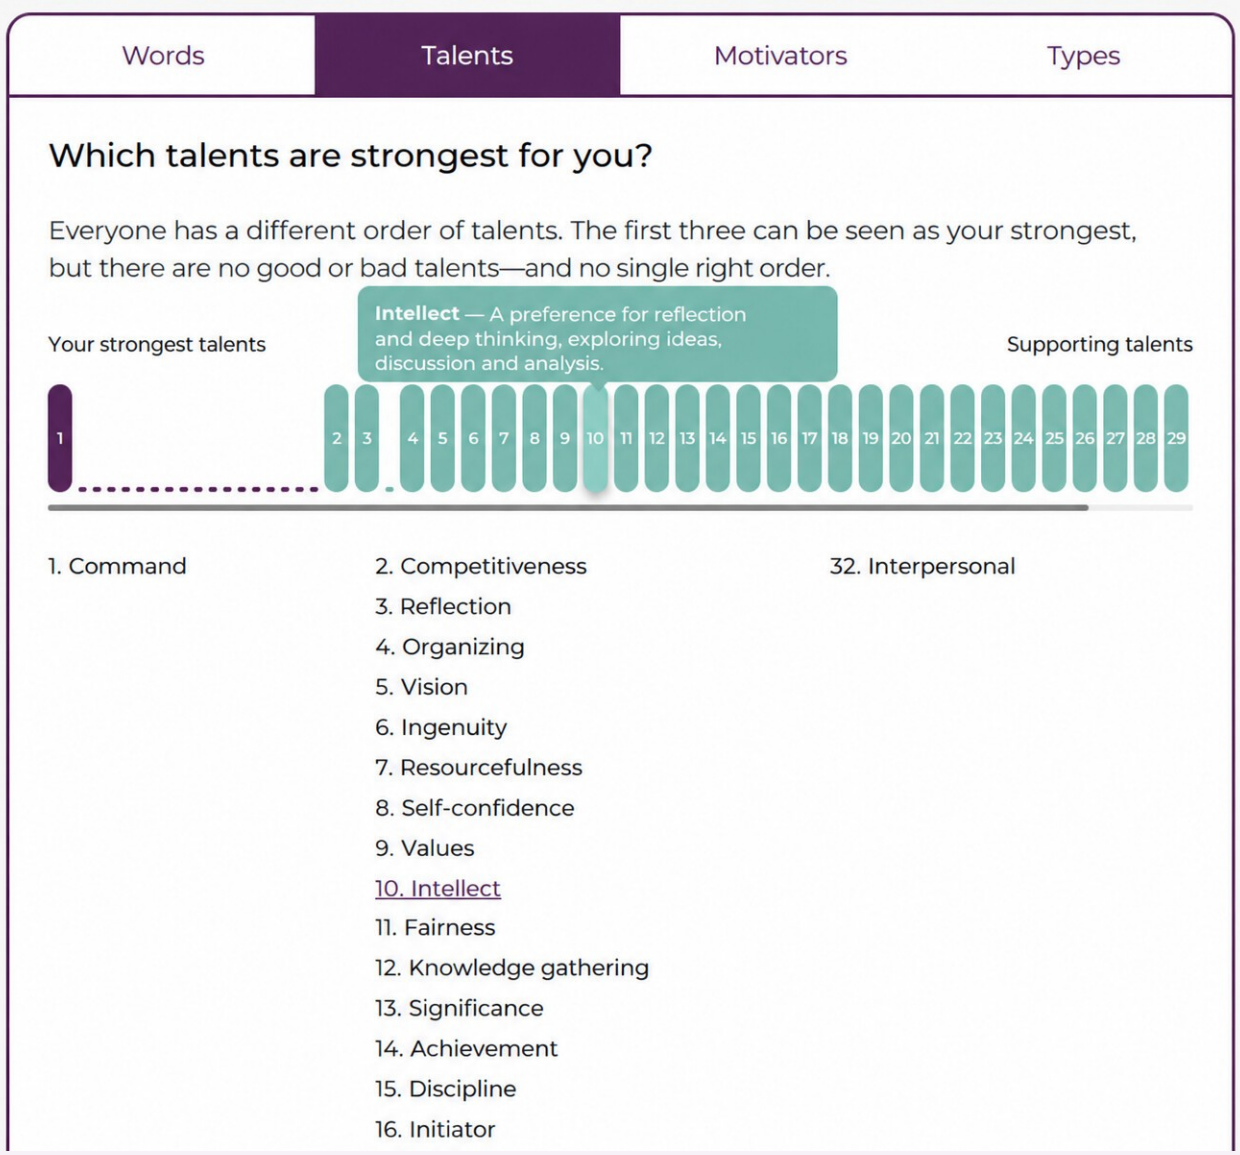

Your words show how you naturally operate.

The ranking highlights subtle differences in how you approach work.

ASSESSMENT · TALENTS

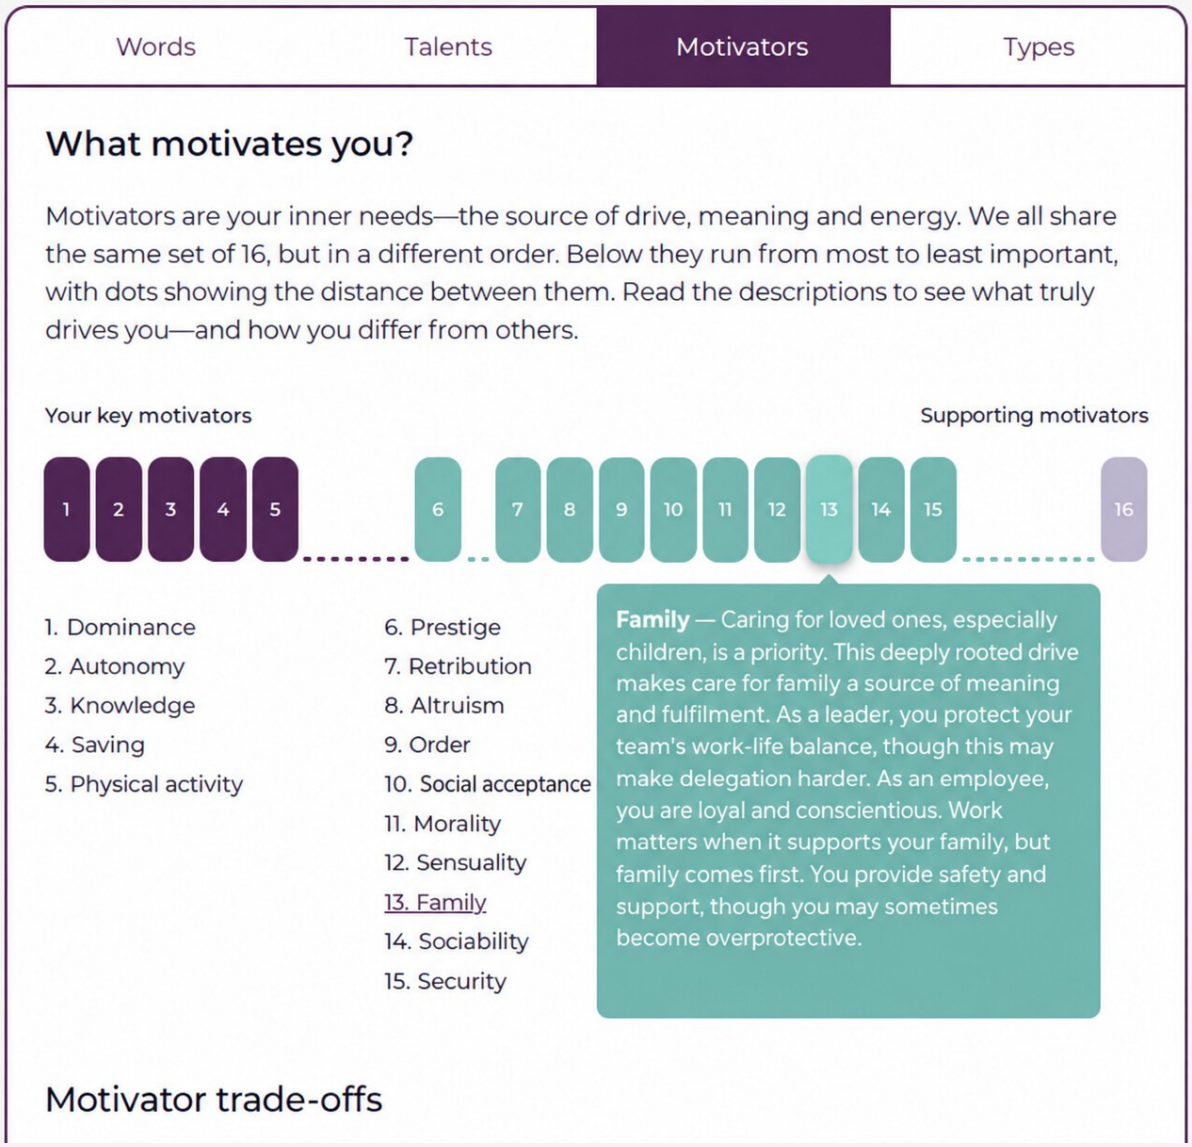

Talents show what you reach for first.

The results distinguish dominant talents from supporting ones.

ASSESSMENT · MOTIVATORS

Motivators show what gives you energy.

The profile shows what gives you drive, meaning and energy to act.

ASSESSMENT · TENSIONS

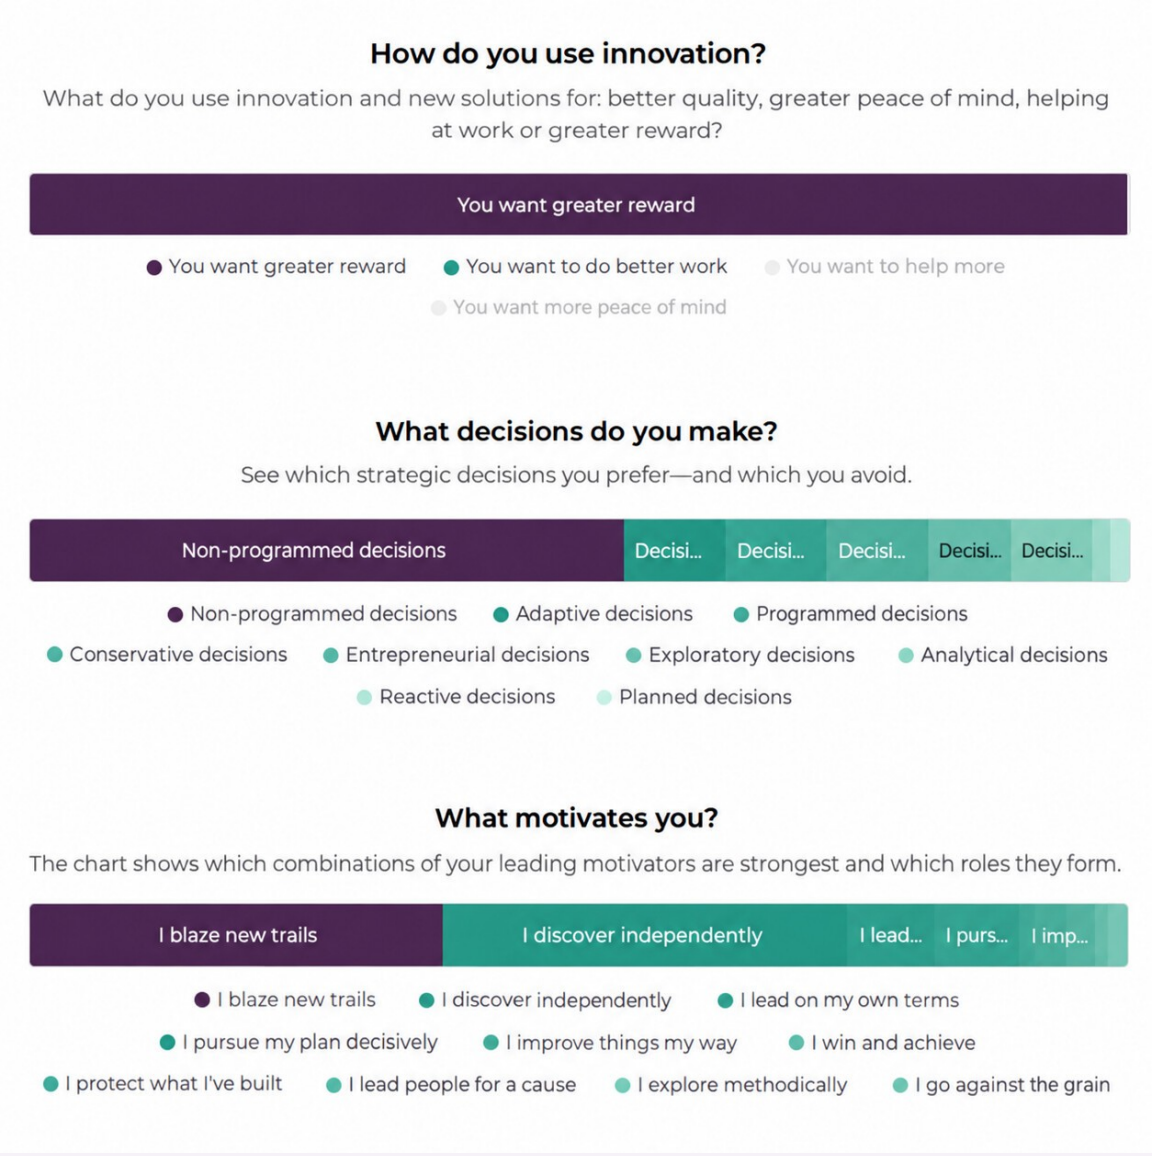

Internal tensions matter as much as strengths.

Paired scales reveal internal tensions, not only the highest results.

ASSESSMENT · PATTERNS

One profile connects traits, decisions and motivations.

Different perspectives create a practical picture of how you operate.

SECTION 02

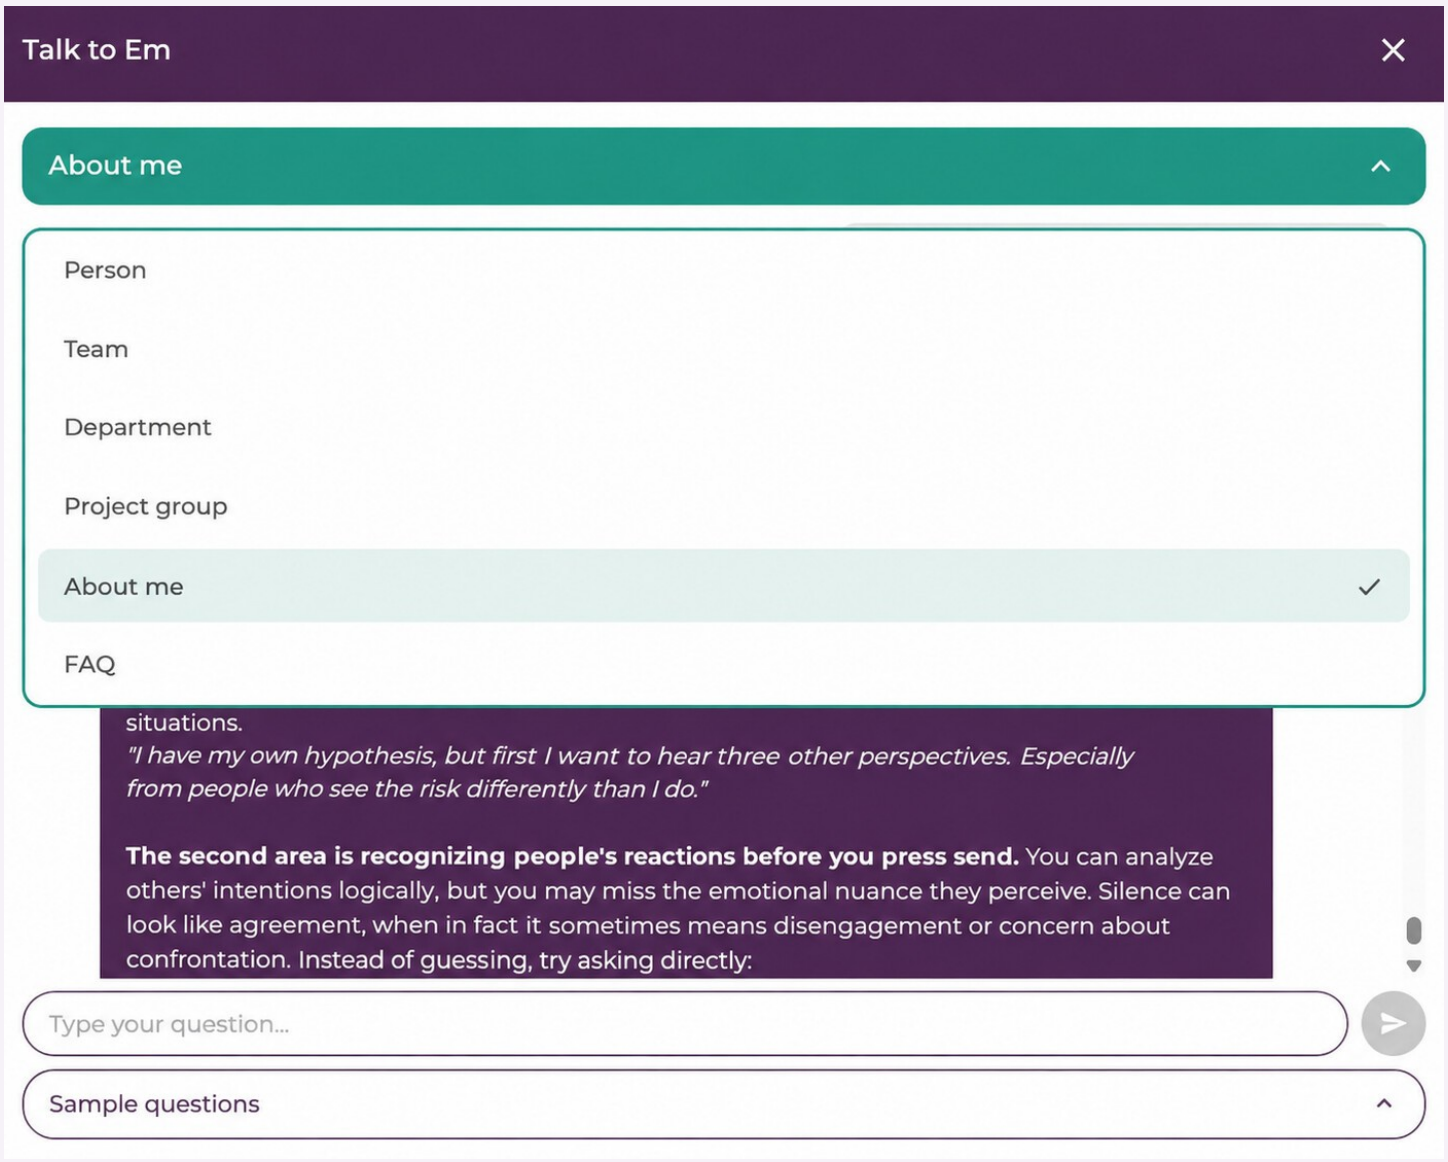

02

Choose a person or group. Prepare the conversation.

CONVERSATIONS

CONVERSATION WITH EM · CONTEXT

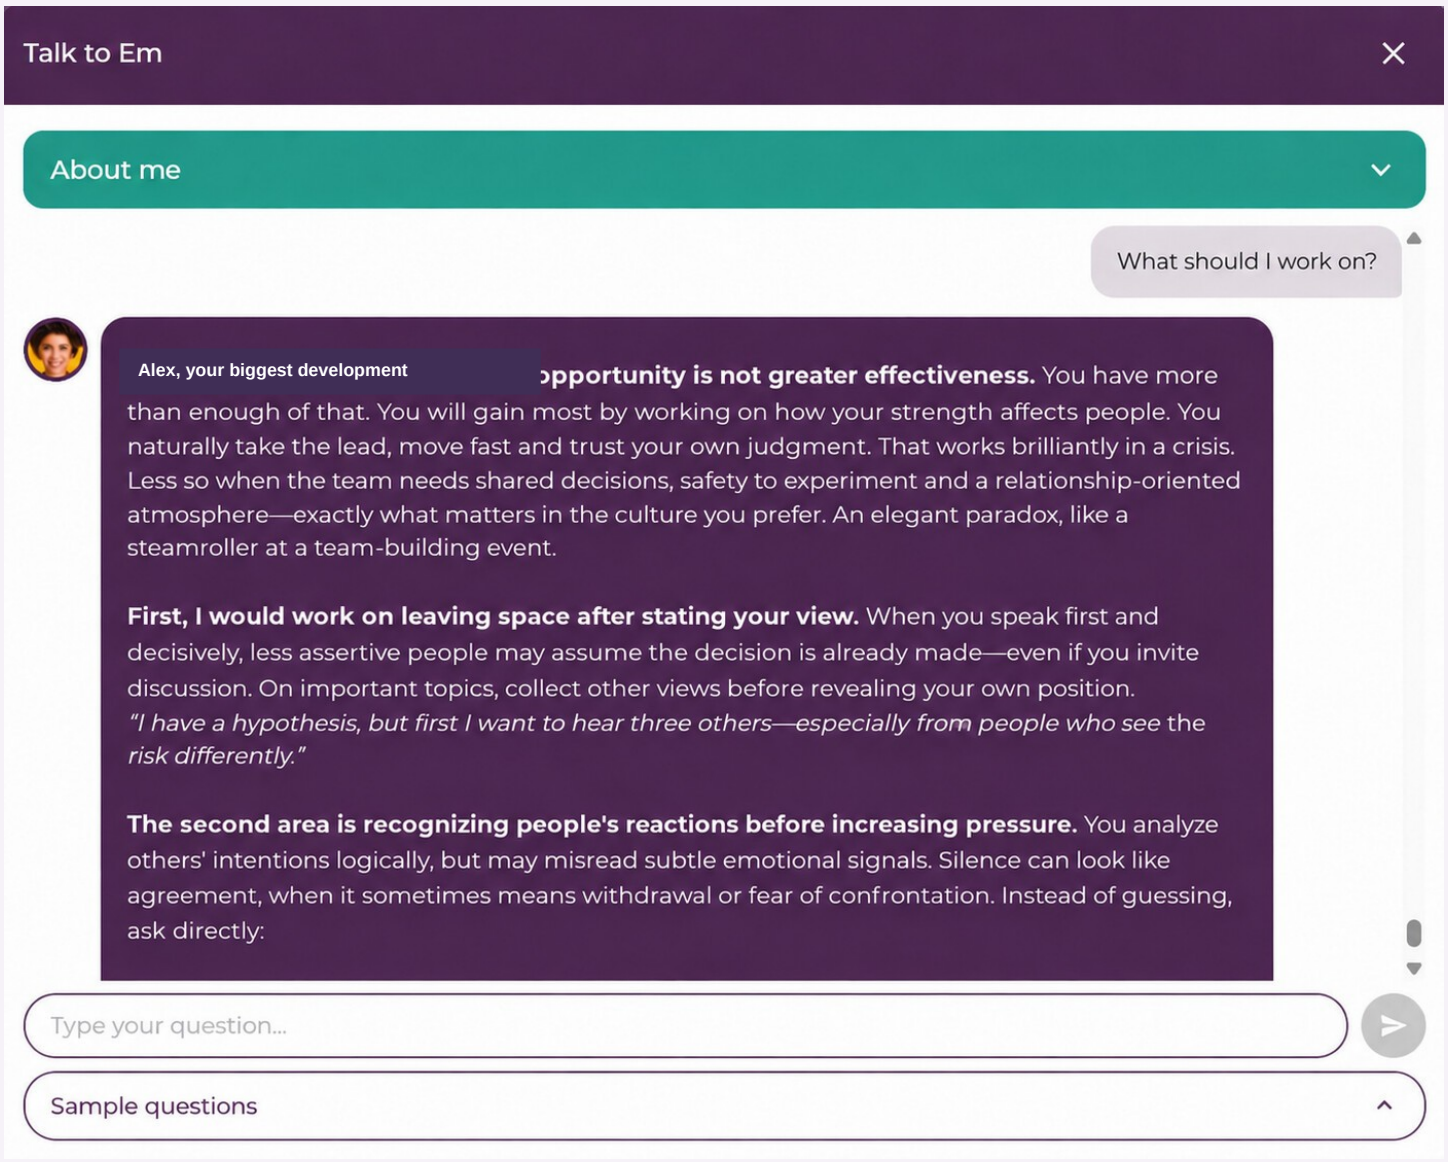

First, choose who your question is about.

You can ask Em about yourself, a selected person, a team, a project group or a department.

CONVERSATION WITH EM · DEVELOPMENT

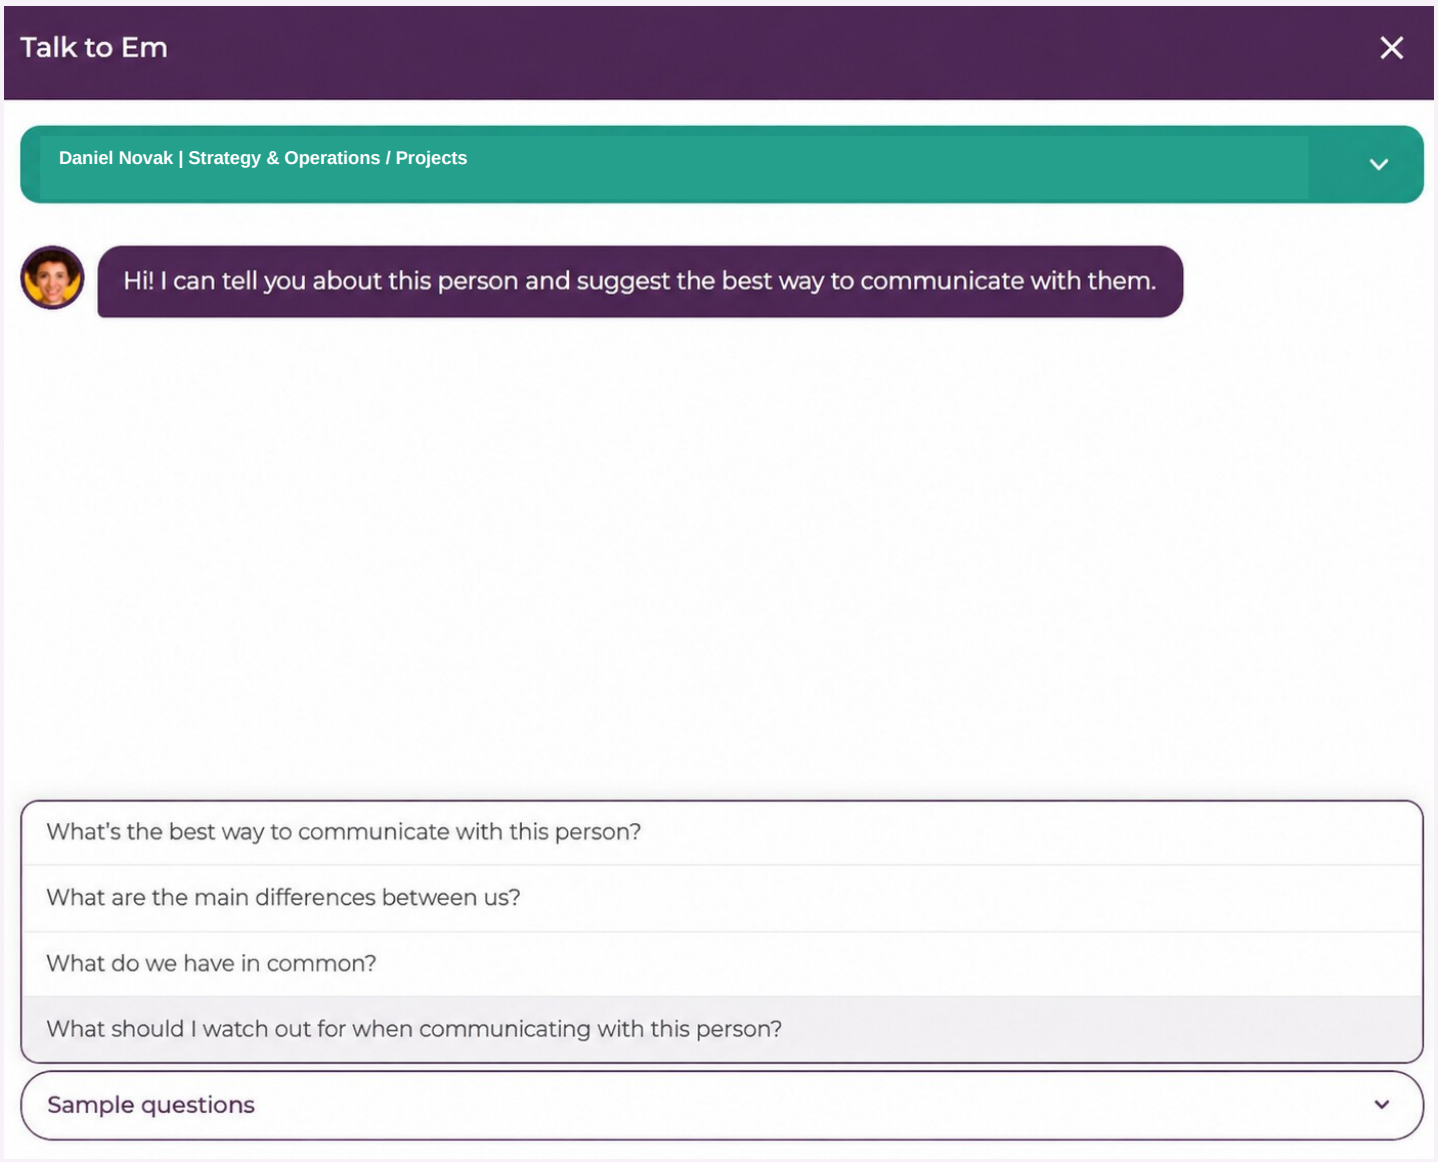

Ask Em about your own development.

Em tailors guidance to the results of your assessment.

CONVERSATION WITH EM · SELECTED PERSON

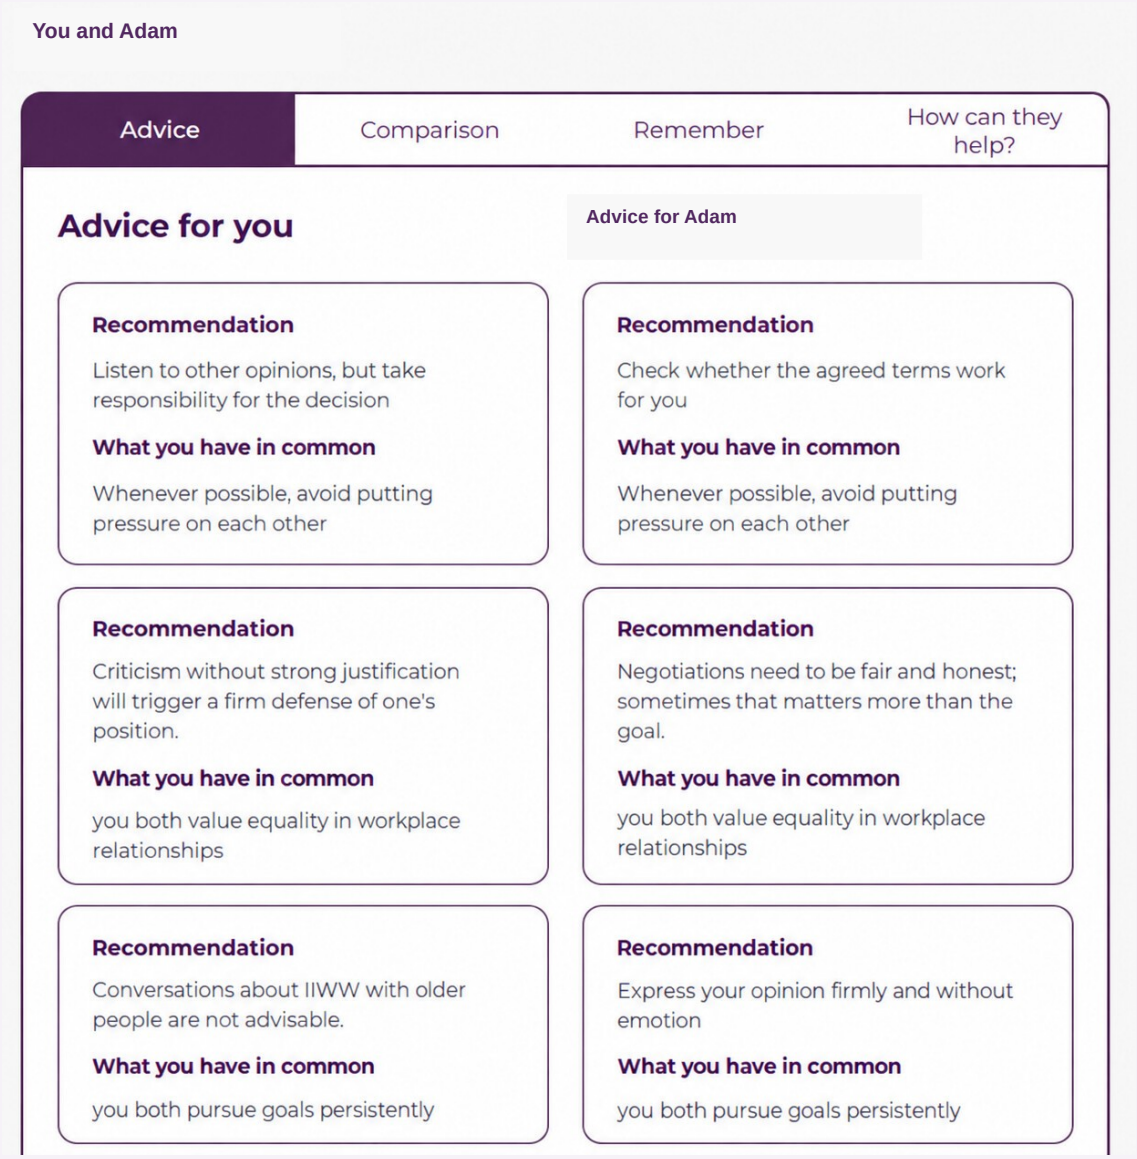

Ask Em about a selected person.

Prepare for feedback, a 1:1 conversation or a difficult meeting.

SELECTED PERSON · ADVICE

See guidance for both sides.

Advice shows what can make your conversation and collaboration easier.

SELECTED PERSON · COMPARISON

See what you share and where you differ.

Comparison highlights differences that matter for communication and collaboration.

SELECTED PERSON · REMEMBER

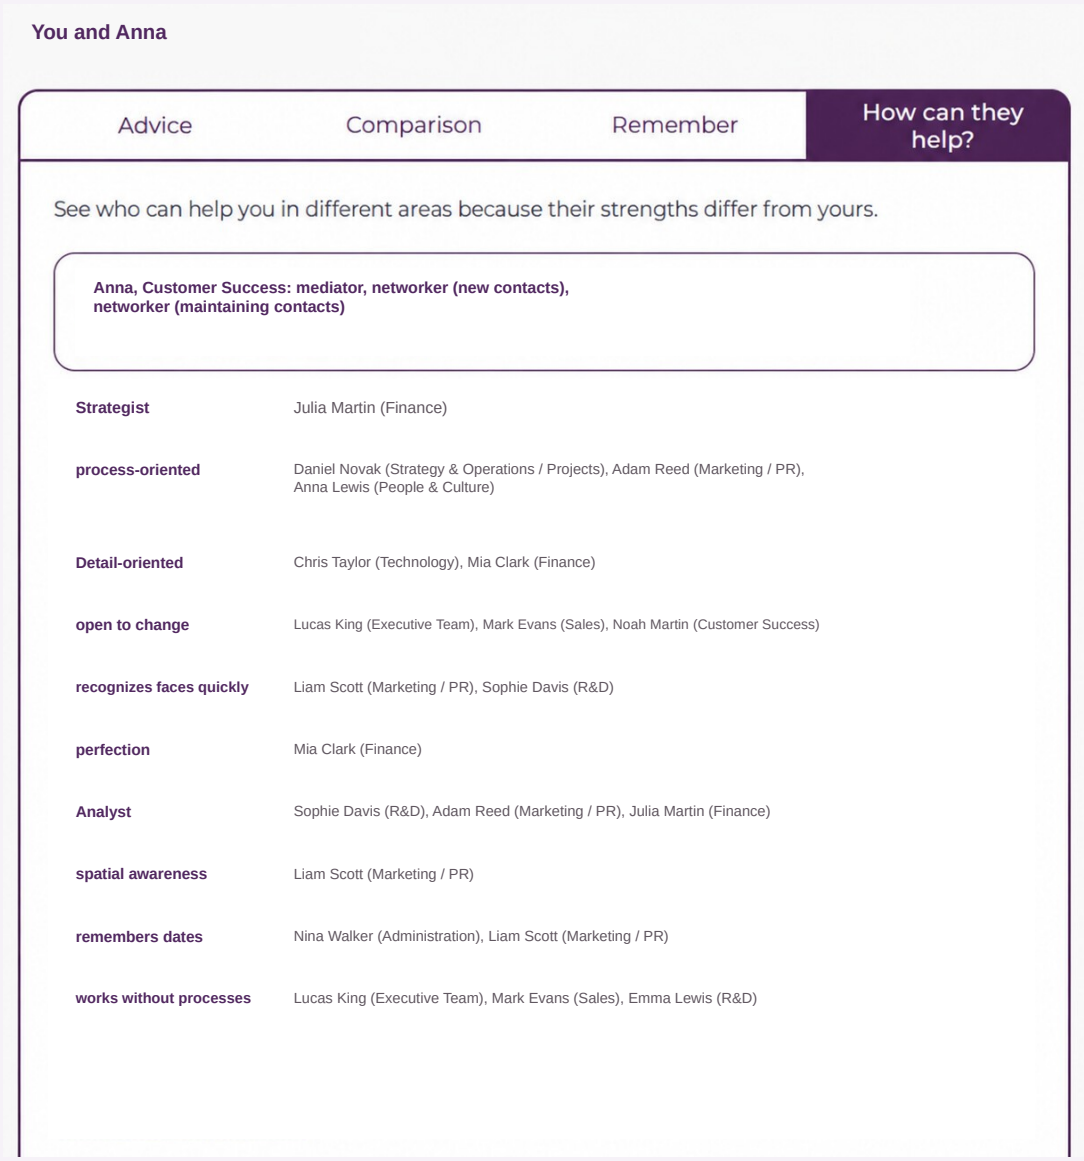

See what is worth remembering.

Keep the most important guidance at hand before the conversation.

SELECTED PERSON · HOW THEY HELP

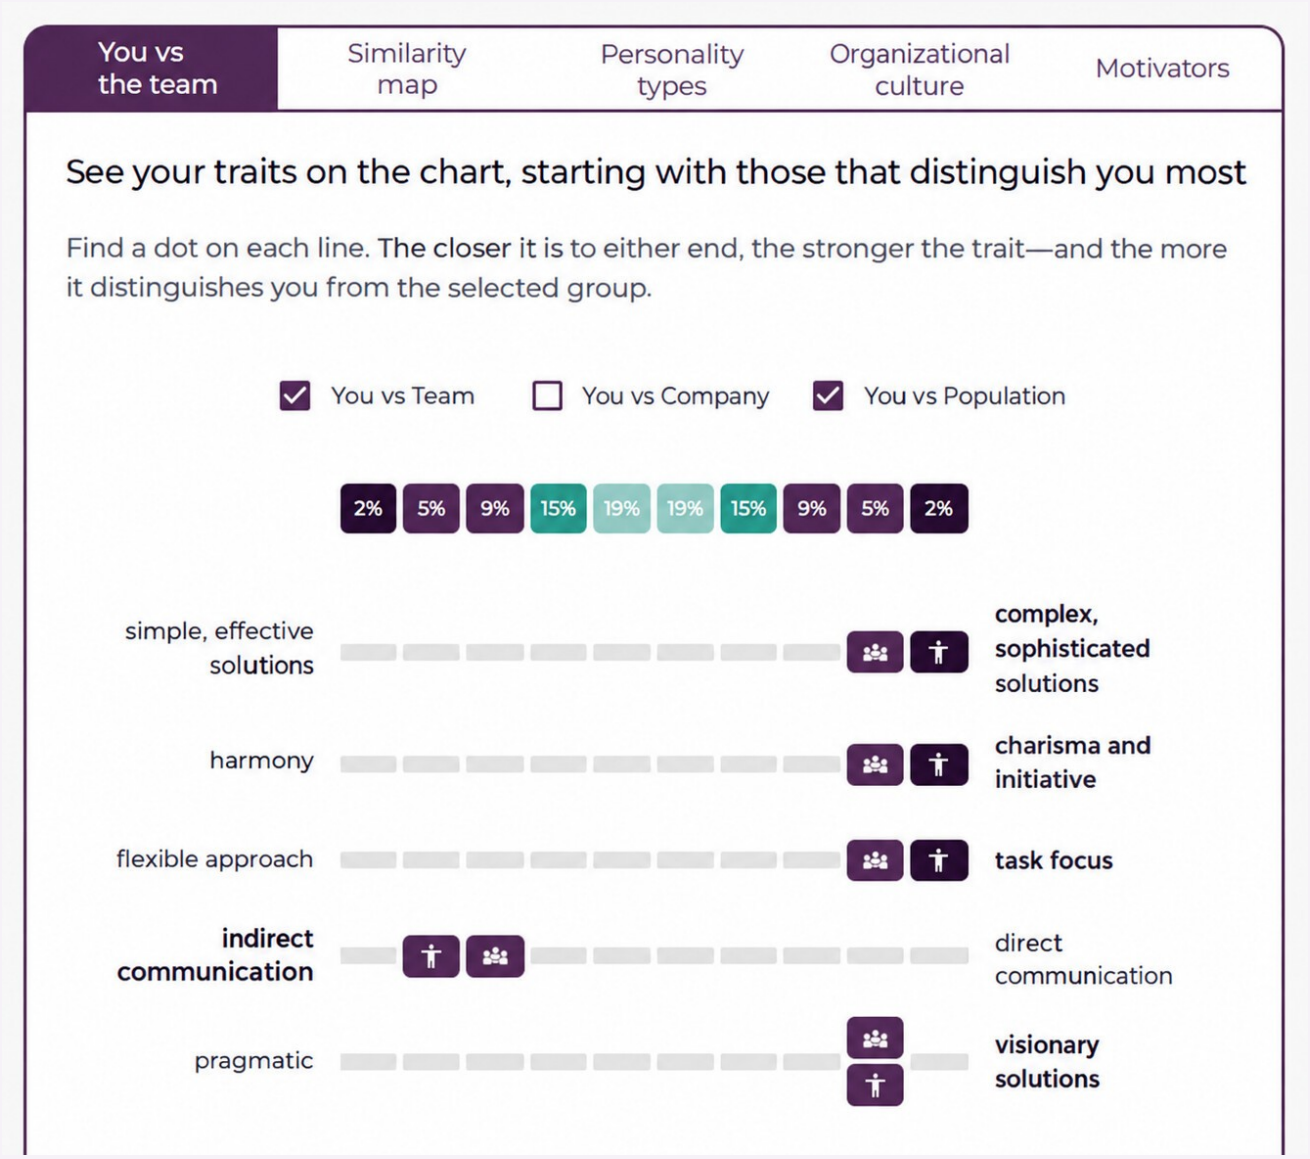

See how this person can help you.

Their talents can complement yours in specific tasks.

CONVERSATIONS · GROUP

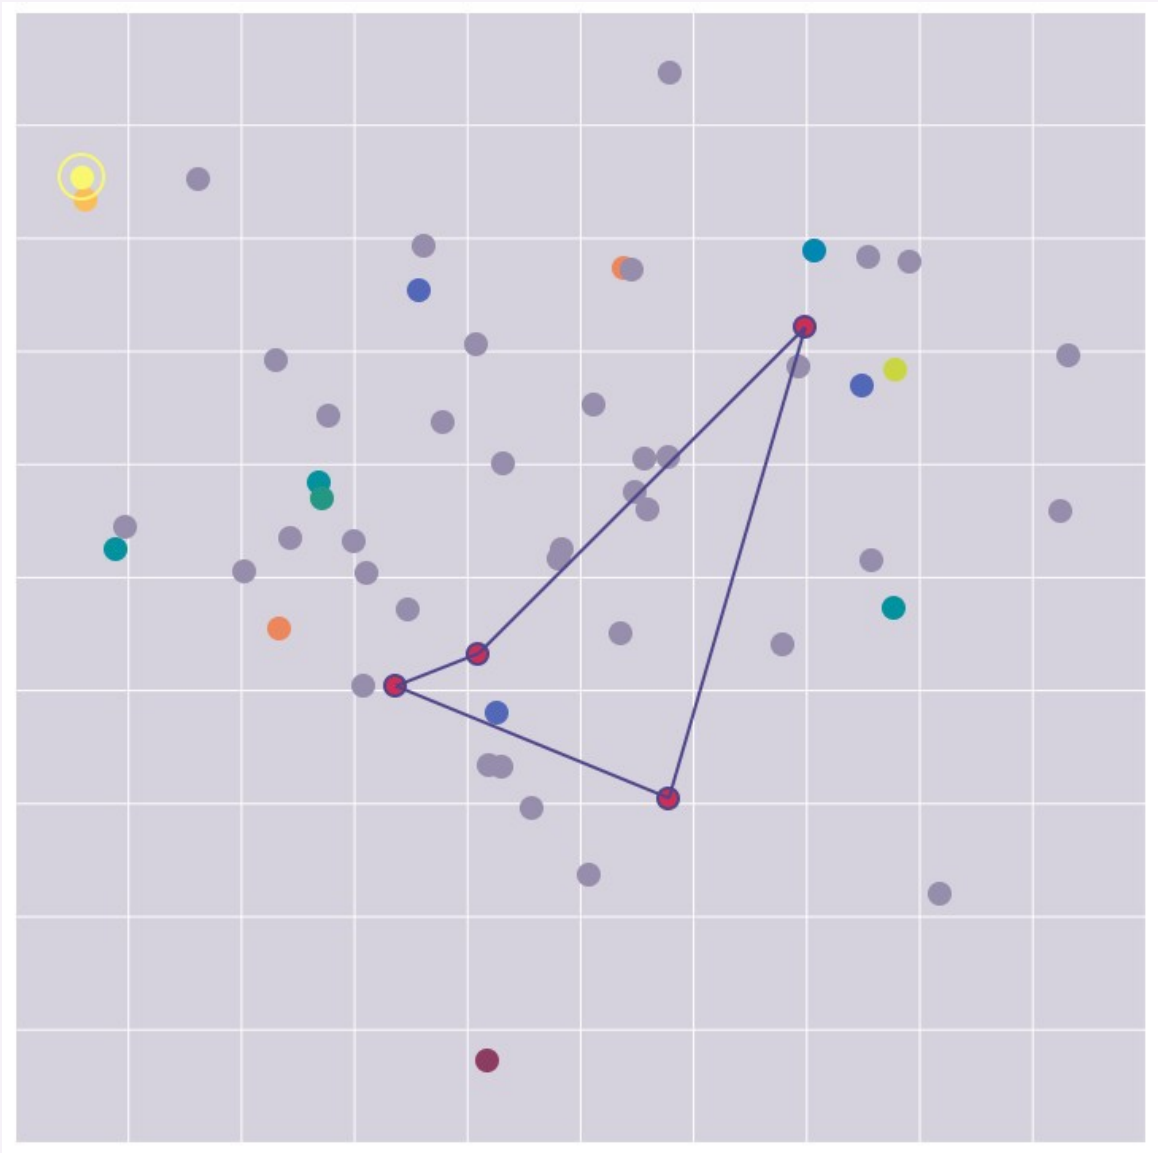

See yourself in the context of a selected group.

Choose a team, project group or department and see your own profile in context.

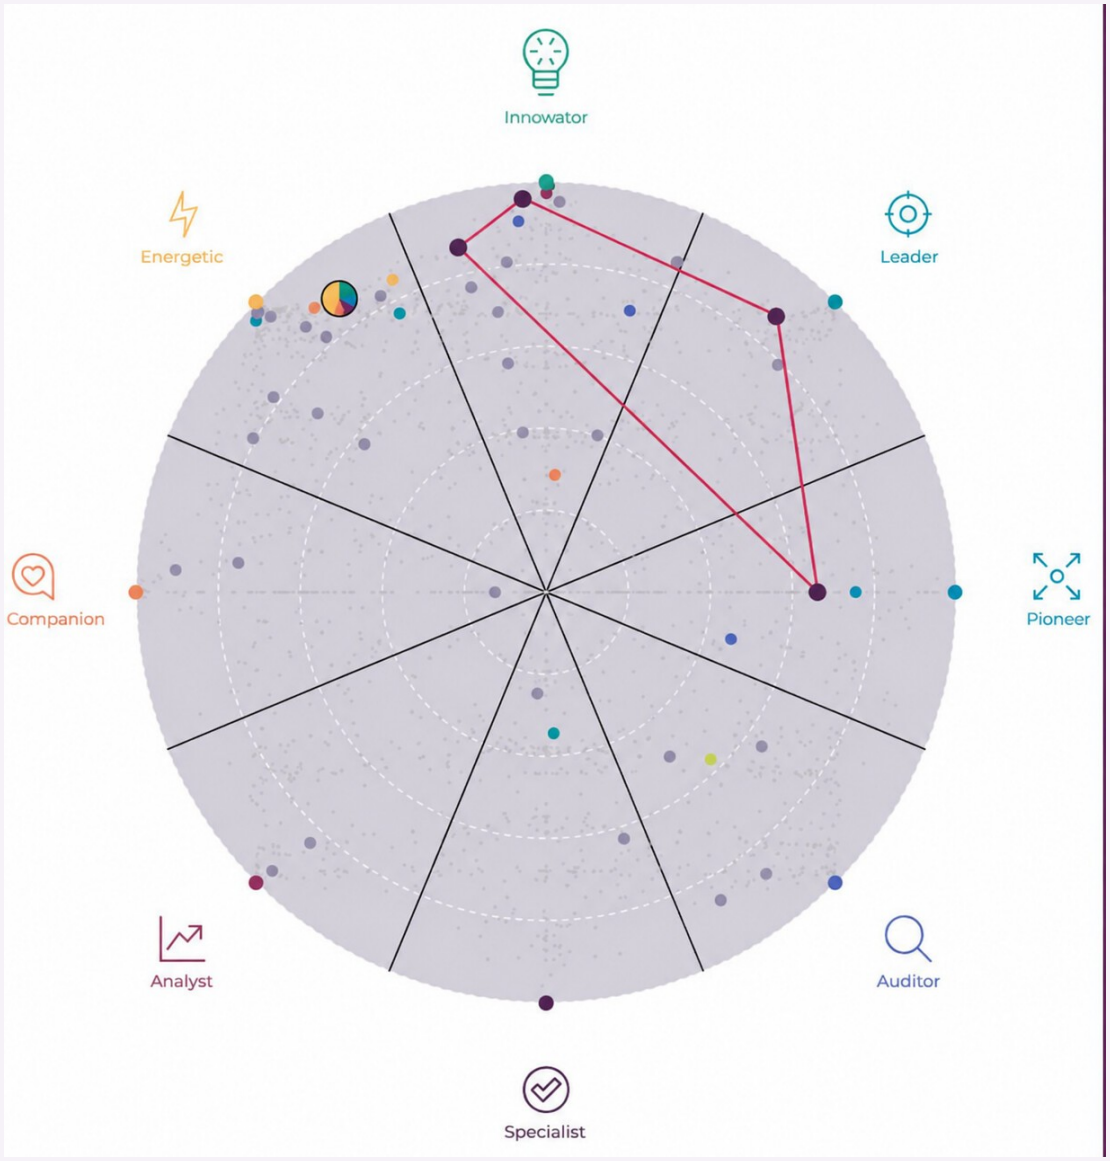

CONVERSATIONS · SIMILARITY MAP

See where you sit on the group map.

The map shows similarities and differences without revealing anyone else's assessment.

See what you bring to the group.

See which perspectives you contribute and how your profile compares with the group.

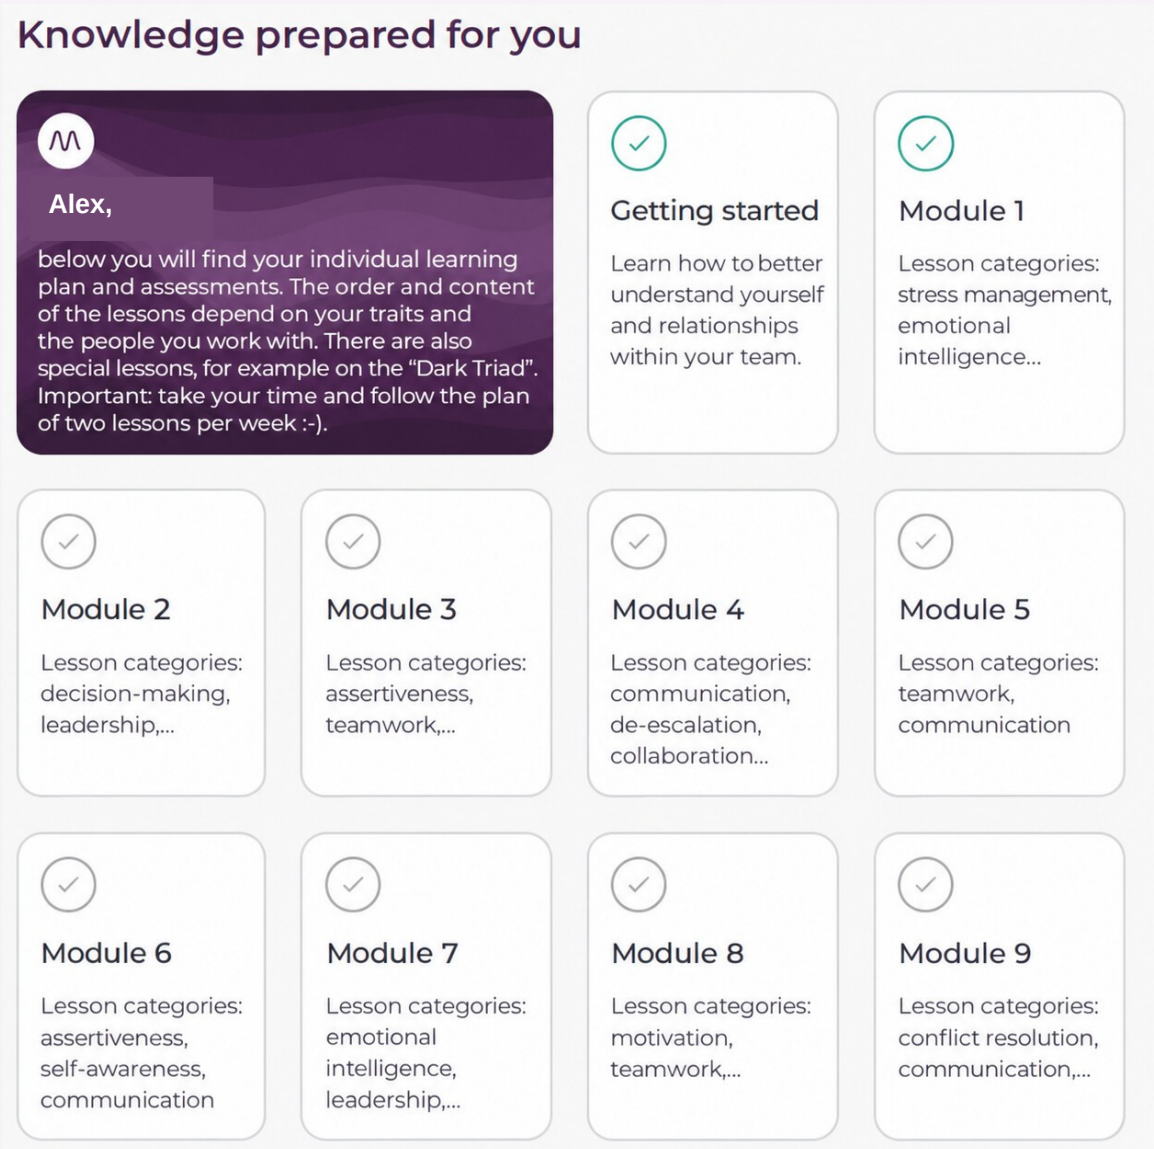

SECTION 03

03

Turn insight into action, step by step.

MICROLEARNING

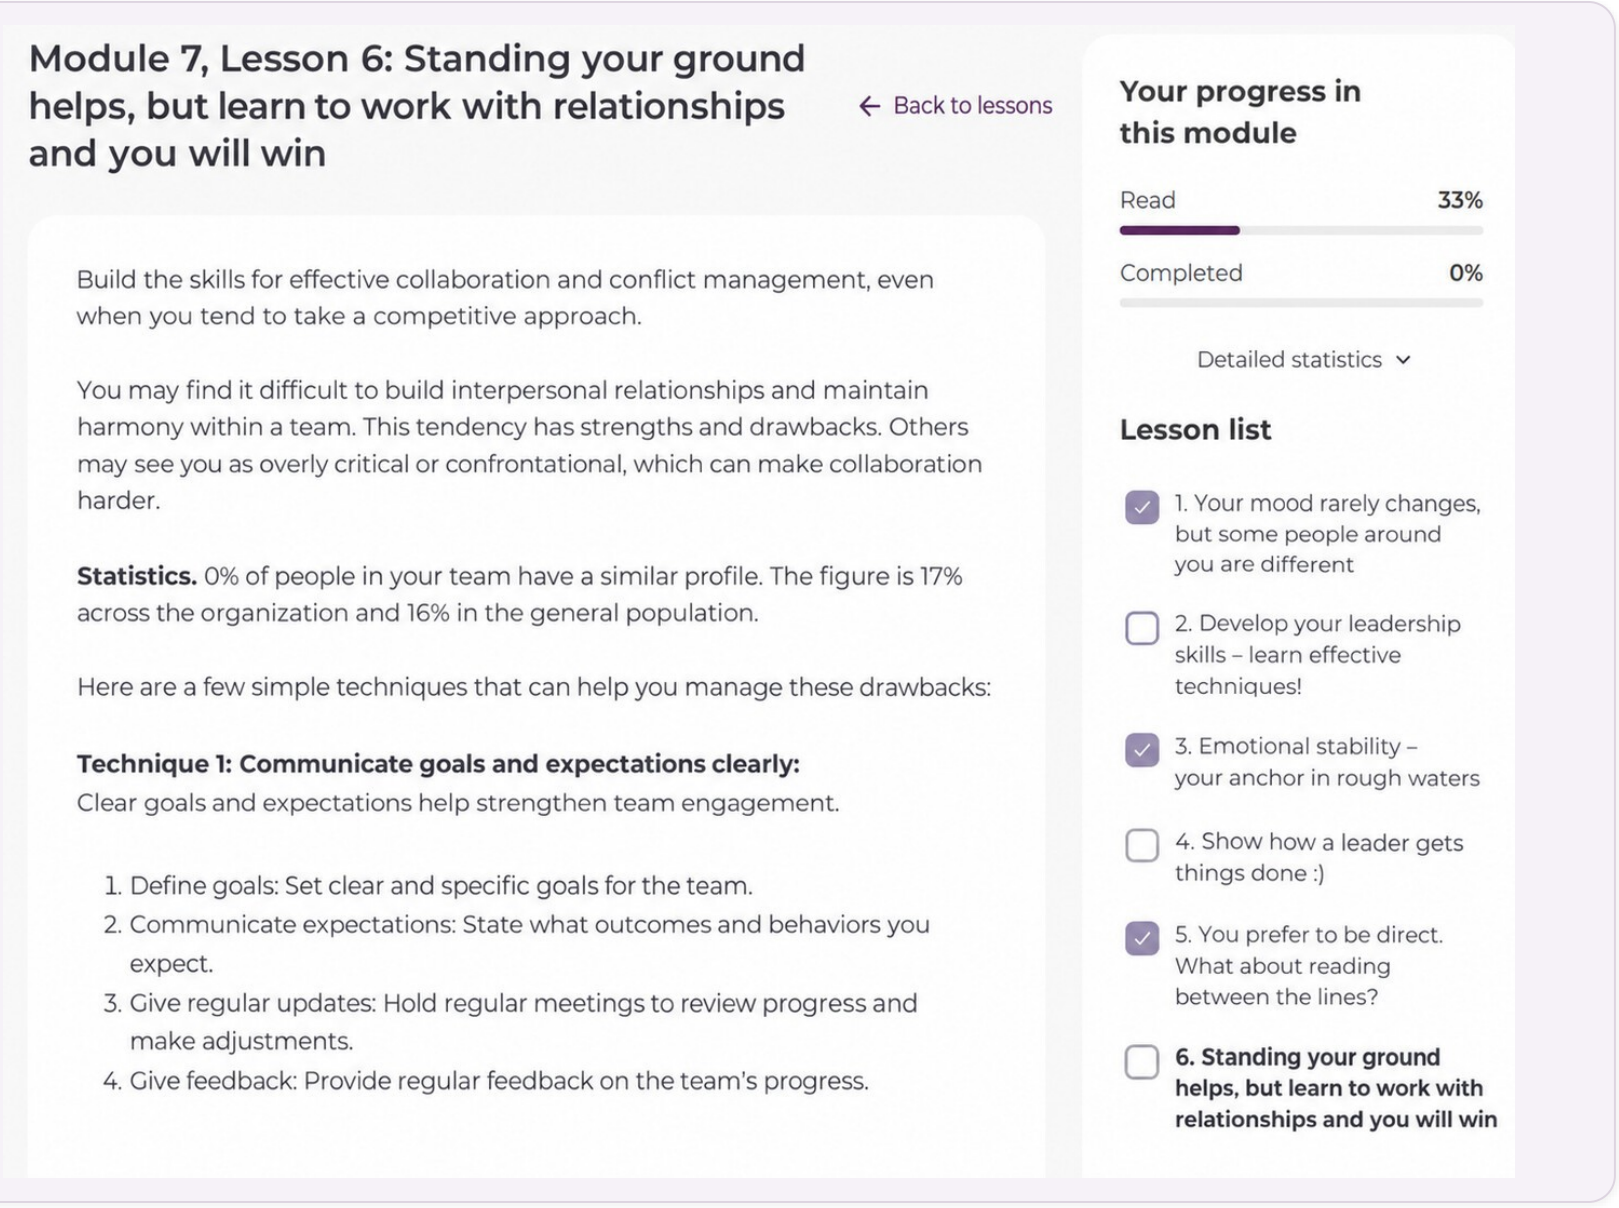

Your learning plan adapts to you.

The sequence and content reflect your profile and the people you work with.

MICROLEARNING · LESSON

Turn insight into concrete action.

Each lesson connects an assessment insight with simple techniques you can use at work.
